

AGES 5-12

ALL NEW  
FOR 2023!

**June 12-16: Aloha Camp!** - Say goodbye to the school year as we embrace summer with fun activities and games such as Beach Ball, Kickball, Limbo Contests, Volleyball, and Lawn Games.

**June 19-23: Fun & Fit** - Kids are naturally active so we have invited some awesome youth fitness instructors to come and show us some exciting fitness trends. Why should parents have all the fun at ClubWorx? We will introduce Zumba Kids, Born to Move, Pound Fitness, CrossFit Kids and end the week with a mind/body medley of Pilates & Yoga.

**June 26-30: Lab Rats** - BOOM. BANG. SLIIIIIME! Use your knowledge of science to create hypotheses of what will happen this week! Will it explode? Will it freeze? Will it disappear? Who knows, but there's only one way to find out and that's to be a mad scientist with us all week long!

**July 3-7 (no camp July 4): Lost in Space** - Suit up for your mission this week! Work with fellow campers to design a rocket that we'll launch into space, live like an astronaut and sample space food while we tour the solar system, play games at your space station and find treasure left behind by friendly aliens over the week.

**July 10-14: Carnival** - Join us as we live in all things "Carnival" this week including face painting, water fun, games & prizes, clowns and fun acts! On the last day of camp we won't just have a pizza party, WE'LL HAVE FUN AT THE CARNIVAL!!

**July 17-21: Spirit Week** - We've got spirit how about you? What would camp be without spirit week? Show us just how much spirit you have on pajama day, crazy hat day or inside out day to name a few.

**July 24-28: Art Explosion** - Express yourself!! Kids will explore art through a new lens and create their own masterpieces inspired by the nature around us and from around the world. Campers will create each day while getting to participate in traditional camp activities. They'll learn firsthand that there are no limits when it comes to imagination.

**July 31-Aug 4: Swinter** - Do you want to build a snowman? We'll sure try as we celebrate winter in the summer! Campers will make snow cream, build ice sculptures, make snow, have a snowball fight and so much more.

**August 7-11: Shark Tank** - Calling all entrepreneurs and inventors! Bring your creative inventions and ideas to the Shark Tank. Counselors will act as investors as campers work in groups to present the unique products. Everyone is a winner at ClubWorx Summer Camp!

**August 14-18: Camp Mash Up** - It's kids' choice week! This week we will revisit all our favorite camp themes and favorite games from camps past. Summer 2022 is going to be the most magical and memorable summer yet!
